GENERAL PROVISIONS

Sec. 2. For the purpose of partially paying the amounts of the items specified herein for the Austin State Hospital, State Orphans Home, Texas School for the Blind, and Texas School for the Deaf, there are hereby appropriated the interest on all securities held by these several institutions, and any balances remaining at the end of any fiscal year in the Available Lunatic Asylum Fund, Available Orphan Asylum Fund, Available Blind Asylum Fund, and Available Deaf and Dumb Asylum Fund; and said interests and balances shall be transferred by the State Comptroller and State Treasurer to the General Revenue Fund, either annually or semiannually. Properly to permit these transfers there are hereby appropriated out of the General Revenue Fund to the said respective available funds as appear due to said funds Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350.00) for interest accruing in the fiscal year ending August 31, 1948, and for the same purpose the sum of Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350.00) for interest accruing in the fiscal year ending August 31, 1949.

Sec. 3. The expenditure of the appropriation herein made shall be subject to the following provisions:

Annual Reports. (a) A report shall be made annually by the superintendent or head of each institution and filed with the State Comptroller, and a copy with the Board of Control before November the first after the close of each fiscal year, giving an itemized statement of all moneys expended and the particular appropriation or fund from which said money was expended, including an itemized statement of all purchases or outstanding contracts remaining unpaid at the close of the fiscal year; also a statement showing the full amount of money received from all sources and any balances.

(b) The head of each institution or agency shall keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or leave of absence, and incorporate this information in the institution's regular annual report made to the Board of Control.

Printing and Stationery. All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by said Board, except certain printing provided by law to be done by several of the State institutions. No embossed or engraved printing and stationery shall be purchased.

Postage Stamps. None of the money appropriated herein for postage stamps shall be spent except on warrants or checks made payable to a United States Post Office and the warrant or check shall be endorsed by the Postmaster from whom the purchase is made. If the expenditures for postage stamps exceed Twelve Hundred Dollars (\$1200) for any one year, each institution shall install a Postage Meter Machine. The installation cost and rental of said machine shall be paid from the support and maintenance fund of each institution.

Vacation Allowance. Vacation of not exceeding twelve (12) working days may be allowed all of the twelve-month officers and employees provided for in this Act.

Traveling Expenses. None of these appropriations may be used for traveling outside of the State of Texas without the advance written consent of the State Board of Control, except in adjoining States in deporting non-resident inmates and returning escaped inmates to institutions. Otherwise, the State Comptroller shall apply the same rules to the approval and payment of traveling expenses of all employees as he applies to such expenses of the State Departments. Superintendents' trips shall be authorized by the Board of Control. Except as herein otherwise provided, no money shall be expended for travel expenses except that specifically appropriated for said purpose; provided this limitation shall not apply to travel and transportation expenses of patients, inmates and Alabama-Coushatti Indians, of Indian Reservation, and institutional employees' travel in connection with patients, inmates, pupils and Alabama-Coushatti Indians, including returning escapees, transfers, paroles, and placements of inmates and patients and transportation and travel expense of conveying Indians to and from United States Indian hospitals in Oklahoma and other hospitals or clinics in Texas, of Board of Control employees whose salaries are paid from institutional funds, and of institutional superintendents and the Indian Agent, wherein specific amounts are omitted from the itemized appropriations; and such travel and transportation expenses may be paid from support and maintenance appropriations and/or local institutional funds. Unless otherwise specifically provided herein, it is provided that any officer or employee who travels on official State Business and who uses his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: five cents (5c) a mile for the first thousand miles traveled, four cents (4c) a mile for the second thousand miles traveled, three cents (3c) a mile for the third thousand miles traveled, and two cents (2c) a mile for each mile traveled in excess of three thousand (3,000) miles. Before the Comptroller shall issue any such warrant for reimbursement, the said officer or employee shall file an affidavit with the Comptroller showing the point of origin and the point of destination of his trip and the mileage actually traveled. If the Comptroller is of the opinion that said officer or employee did not take the shortest practical route to the point of destination and return the Comptroller shall have the authority to compute the mileage of the shortest practical route between the point of origin and destination and return, and he shall issue his warrant in reimbursement therefor on the basis aforesaid.

Additional Employees' Compensation. When a necessity exists for additional help at any of the eleemosynary institutions the Board of Control shall first give to the superintendent its written approval and consent for such employment, and such help may be paid out of any local institutional receipts, including pay-patients funds, or out of repair and improvement appropriations. When any additional employees, other than those for which specific salary appropriations have herein been made are employed,

and are to be paid out of said non-salary appropriations or any other funds, such employees shall not be paid or granted larger salaries and emoluments than those provided in the specifically appropriated salaries or emoluments for similar positions within such institutions or agency, and in the event there are no similar positions within such institution, then such additional employees shall not be paid larger salaries and emoluments than those provided for similar positions in other State Institutions, departments or agencies. In the event laborers, skilled laborers and mechanics cannot be obtained at the above mentioned salary scale, then the heads of such institutions may pay for temporary employment only not exceeding the prevailing wage scale paid in the localities where the temporary service is to be rendered. No additional employees may be hired without the written consent of the Board of Control.

Audits. None of the appropriations herein made shall be used for employing any firm, corporation or person, excepting persons regularly and continuously employed by the institutions or the State Board of Control, to audit said institutions and agencies; provided, however, that if, in the judgment of the head or managing officers of any of said institutions or agencies, additional auditing is necessary and the State Auditor shall not have sufficient funds in his appropriation to make such audits, then the head or managing officers of any of said institutions or agencies may direct the State Comptroller to transfer in lump sum and add to the appropriation made for the State Auditor the amount necessary for the State Auditor to make such audits.

Tuberculosis Sanatoria. None of the money herein appropriated for the State Tuberculosis Sanatoria shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three (3) years; this provision shall not apply to any child born in the State of Texas.

Perquisites of Employees. (a) When it is provided that the family of a superintendent, officer, or employee of any of the said institutions, are permitted to live at said institution, and are to be furnished with board, fuel, lights, laundry, water, housing, or any of said items, the word "family" shall be construed to mean the immediate family of said superintendent, officer, or employee, including himself, wife and legally dependent children. The Board of Control may authorize one of the cooks provided in the Act to be assigned to the Superintendent's quarters.

(b) Under written direction of the Board of Control all employees may receive board, room and laundry, except when otherwise limited.

(c) In these appropriations the Legislature has provided a fairly uniform scale of salaries for similar services throughout the institutions without, however, differentiating in the amounts to be paid employees receiving, and those not receiving room, board and laundry from the State; and to prevent inequalities in salaries to those employees not receiving any or all of such prerequisites it is provided that the Superintendent, upon the written approval of the Board of Control, may adjust such employees' salaries out of the respective support and maintenance appropriations by not exceeding Twenty Dollars (\$20) per month each.

Salaries and other General Provisions. (a) All annual salaries shall be paid in twelve (12) equal monthly installments except as otherwise herein provided.

(b) No position with a fixed salary shall be supplemented or be paid more than such specific amount out of any other funds belonging to said institution or the State; provided, that this language shall not be construed to prevent promotion or the transfer of one employee from his or her position to another position which provides a different salary, but it is specifically made the duty of the Superintendent, to transfer employees to other positions when it is possible to secure more efficiency. No salary shall be paid to any person unless such person actually discharges assigned duties. Provided that any vocational instructional positions at the eleemosynary institutions conducting schools may be partly paid or supplemented in amounts approved in writing by the Board of Control out of Federal or State appropriations or allocations made through educational agencies.

It is provided, however, that the Superintendents of said institutions under the direction and upon the written approval of the State Board of Control shall be authorized to make such changes and substitutions of of any amounts appropriated for maintenance, miscellaneous items, general repairs and improvements, excepting new buildings, as may be found necessary.

(c) Each of said institutions is hereby allowed from its support and maintenance or other appropriations a small revolving or petty cash expense fund not to exceed, at any time, Two Thousand (\$2,000.00) Dollars at the larger institutions, for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified by the Board of Control. Also each institution operating small stores, industrial or occupational departments, including the Dairy Products Plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits or receipts for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational and other necessary activities, in amounts not to exceed Three Thousand (\$3,000.00) Dollars at the larger institutions except not exceeding Six Thousand (\$6,000.00) Dollars at the Austin State Hospital's Dairy Products Plant, and not to exceed One Thousand (\$1,000.00) Dollars in the smaller institutions, the amount of such purposes to be certified by the Board of Control.

(d) In order that better trained and more capable physicians may be secured and retained in the State service, the superintendents of State mental hospitals, with the Board of Control's approval, may classify the physicians on the staff as "senior" and "junior" physicians; "junior" physicians shall be those entering the service without previous experience on State mental hospital staffs; "senior" physicians shall be those who have had two (2) or more years such experience; the salaries of these physicians shall not exceed the amount in the appropriated items, with other emoluments provided, and shall not apply to physicians with administrative and other duties whose salaries may be specifically appropriated for larger amounts. A person qualified to fill the position of "Psychiatrist" shall be a skilled physician authorized to practice medicine in Texas and shall have not less than five (5) years experience in the treatment of mental diseases. In addition to those minimum requirements, consideration shall be given to his accomplishments in this special field of medicine, which may be evidenced by contributions to research, scientific publications, etc.

Leaves for Course of Study. To enable our doctors and nurses to keep abreast of new developments in their fields of study and to make themselves more valuable to the state and the patients of the institutions, and inasmuch as their positions are of a twelve-month duration not allowing them time off as in the educational field for such study, the Board of Control may allow doctors and registered nurses a reasonable time without loss of salary to attend recognized schools and clinics conducted by approved schools and associations.

The Board of Control is hereby authorized to employ, on part-time basis from local receipts, outstanding and recognized authorities in the fields of medicine, psychiatry and nursing, in order that we may stimulate and improve the medical service by clinical study within our own institutions. The Board of Control is also authorized to employ under the above same conditions, authorities in the particular fields of abnormal education in which our schools specialize.

All railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates for transportation shall be used in all cases where the State is exempt from the payment of Government tax under Federal provisions, and such state official or employees shall be required to obtain such tax exemption certificates from transportation company before incurring the expense, and shall not be entitled to a refund of same on his expense account. No moneys herein appropriated shall be spent for the purchase of a passenger car having a wheelbase in excess of one hundred and seventeen (117")

inches. Provided, however, that if the wheelbase of any of the passenger cars covered by this provision is changed during the next biennium the State Board of Control may change their specifications to conform.

Revolving Fund and Institutional Receipts. (a) No property belonging to any of the institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, from the sale of crops and pay-inmate receipts, shall become and are hereby appropriated as a maintenance or contingent fund to be expended under the direction and upon the approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said receipts and funds such amounts as they shall deem necessary for the support and maintenance of said institutions, including the purchase of equipment and materials for the entertainment, diversion, or therapeutic improvement of the patients and inmates; needed hospital or institutional furniture and equipment, supplies, materials, repairs, improvements, including small buildings and contingencies; and a complete statement of all such transactions shall be made in the annual reports of said institutions. The industrial and small store receipts and funds of said institutions, including those of the Austin State Hospital Dairy Products Plant, are hereby appropriated for the support, maintenance and operation of said enterprises and such receipts and funds may also be used as an institutional contingent fund under the direction of the Board of Control. Any balances remaining to the credit of any of said institutional local funds at said institutions or in the State Treasury at the end of any fiscal year are hereby reappropriated for the above mentioned purposes for each year of the biennium.

(b) Upon the approval of the Board of Control, said institutions may make just and properly due refunds of any advance payments made on behalf of pay-inmates out of the pay-inmate receipts or funds; and the Board of Control is allowed, and there are hereby appropriated out of said funds not exceeding One Thousand (\$1,000.00) Dollars per year for traveling expenses to be used by the Board of Control in connection with the collection of pay-inmate charges and institutional supervision. Refunds to patients for unused advance payments may also be made out of cash revolving funds if directed by the Board of Control. There is also appropriated to the State Board of Control out of any institutional receipts or funds such amounts as may be necessary for traveling expenses and for other necessary help of the Division of Eleemosynary Institutions; provided the amounts paid for such services shall not exceed the remuneration fixed for similar services.

Employment of Aliens Prohibited. It is hereby provided that none of the moneys herein appropriated shall be paid for salaries or wages for a longer period than three (3) months to any persons who are not citizens of the United States, unless naturalization proceedings have been instituted.

United States Aid. The Board of Control, within their discretion, may take advantage of and accept any aid extended by the Federal Government for buildings, improvements and repairs at the eleemosynary institutions; provided, however, that in taking advantage of or accepting any aid extended by the Federal Government, the Board of Control shall not incur any indebtedness which would necessitate a supplemental or additional appropriation out of the General Revenue Funds of this State; and provided further that in taking advantage of and accepting any aid extended by the Federal Government the Board of Control shall not deplete any of the funds herein appropriated to the several institutions to an amount which would necessitate a supplemental or additional appropriation out of the General Revenue Fund of this State to replenish said fund or funds.

Alabama and Coushatti Indians. The expenditure of all money herein appropriated for the welfare of the Alabama and Coushatti Indians in Polk County, and all employees therefor, shall be under the supervision and appointment of the State Board of Control.

The Board of Control is hereby authorized to accept gift deeds, approved as to form by the Attorney General, for land adjoining or near the Ala-

bama and Coushatti Indian lands in Polk County, Texas, in which conveyances the owner or owners may desire to retain timber rights for not more than twelve (12) years and to retain oil and mineral rights permanently. The Board is also authorized to cooperate with the Federal Government on any Federal projects proposed for improving the educational and economic condition of said Indians.

The Board of Control is hereby authorized to negotiate purchases of commodities and supplies of any kind or character, whatsoever, needed in eleemosynary service, with the duly authorized agencies of the Federal Government; provided, however, that such item, or items, so purchased will be obtained at a price not to exceed the prevailing market value thereof, and if there be no value, then at the real, or intrinsic, value; and it is further provided that the State Board of Control is authorized to waive the requirements of bidder's bond and performance bonds otherwise required, in dealing with the duly authorized representatives of the Federal Government.

The State Board of Control is hereby authorized to transfer any money in any funds appropriated, or local funds, of any eleemosynary institution to any other eleemosynary institution where such transferred fund, or funds, are not needed in the institution from which either or all of said fund, or funds, may be transferred; except any such fund, or funds, as may be appropriated for new construction; and further provided that all such fund, or funds so transferred, may be used only for the purpose of purchasing food, clothing, and medicine for the wards of the State, or of effecting acutely needed repair, or for the purchase of beds, bed clothes, and linens needed in dormitories.

The State Comptroller of Public Accounts is hereby directed to make transfer of the fund, or funds, from either, or all of the aforesaid accounts from one institution to another, upon written request therefor, by the Board of Control, concurred in by the Governor. No employee of any institution for which money is appropriated herein shall be paid less than 80% of the basic salary as specifically set by the Legislature herein. For example, an item reads: Attendants, basis \$90.00. No attendant paid from this appropriation shall receive less than \$72.00 per month for a full month's work. Provided, however, that no employee shall receive less than \$57.00 per month for a full month's work at any institution.

There is hereby appropriated to the State Board of Control any unexpended balance in any fund or item appropriated to any eleemosynary institution remaining at the end of the current fiscal year and at the end of the fiscal year ending August 31, 1948, to be used by the Board of Control for the following purposes only:

1. For the repairing, remodeling and/or renovating of any hospital, ward building, dormitory, or any other building at any Eleemosynary Institution;

2. For the replacement and installation of any plumbing fixtures, electrical wiring and fixtures, heating installations, and any like equipment at any eleemosynary institution;

Salaries and emoluments of said employees shall not exceed those paid and granted in similar institutions for same or similar work;

5. For the purpose of converting to state eleemosynary service, any military installations in the State of Texas which may be acquired by the Board of Control. This is to include the cost of any repairs or improvements, negotiations and organizational expenses on the part of the Board of Control necessary for the conversion of said camp or camps, the cost of support, operation and maintenance thereof, and the cost of employing sufficient personnel in connection therewith. Salaries and emoluments of such employees are not to exceed those paid and granted in similar institutions for the same or similar work;

6. To properly maintain essential services when qualified full-time employees are appropriated for but cannot be obtained, the Board of Control is hereby authorized to use part-time employees temporarily in such skilled positions as dentists, laboratory and X-Ray technicians, and recreational directors.

7. The Board of Control is hereby authorized to pay the emoluments and provide for the Chief Physician of the eleemosynary system out of the funds and facilities of one or more of the institutions in Travis County.

8. In order to maintain scholastic standard comparable to the public school in the area where the state institution is located; and in order that the children of the eleemosynary schools may have equal advantages in the quality of teaching as do the children of public schools, the Board of Control is hereby authorized to pay teachers from the appropriated funds of this bill on a basis equal to that being paid in the city schools in or near where the particular eleemosynary school is located. This rate of compensation shall include such rules and regulations on length of teaching service, educational accomplishments, as apply in the local public school system.

Inasmuch as the schools of the eleemosynary system operate on 9, 10, 11, and 12 months basis, the above provisions shall apply to the nine month term. The Board of Control shall exercise its authority and best judgment in the operation of the summer school.

If the teacher takes advantage of any of the emoluments, or services of the institution such as room, board or laundry, such services will be charged for, (or deducted from the salary). The rates for such emoluments shall be fair and based on costs established by the accountant of the institution, subject to the approval of the Chief Accountant of the Board of Control, the Superintendent, and the Board of Control.

It is hereby further declared unlawful for any person authorized to use a state-owned automobile in connection with any business of the state, to use such automobile in connection with any campaign in which such institution is directly interested, or in behalf of the campaign for re-election of any head of any department, and/or in any other manner, time or place than when such automobile is being used in the interest of and for the purpose of carrying out institutional state business. Any person violating this section, shall upon final conviction, be subject to a fine of not less than Fifty (\$50.00) Dollars nor more than Two Hundred (\$200.00) Dollars. In the event such use of such automobile is being made with the knowledge of the head of any institution, having charge of such automobile, then such head of such institution shall also be liable to punishment in a fine of not more than Two Hundred (\$200.00) Dollars. Any court of competent jurisdiction in the county where this law is violated shall have jurisdiction to try such case.

In the interest of better service and for the proper protection of the state properties, the State Board of Control, on its own motion, is hereby empowered to transfer storekeeper-accountants from one institution to another.

Sec. The State Board of Control is authorized to grant unto the officials of Boys' State, an organization devoted to the welfare and instruction of Texas boys, and organized and sponsored by the American Legion, the facilities of the physical plant of any eleemosynary school in the vicinity of Austin; provided all expenses of the operation and maintenance of such school will be paid for by the American Legion; and further provided that their sessions will be held at such time as not to interfere with the regular terms of eleemosynary schools.

Sec. 5. The State Board of Control is authorized to conduct at intervals among students in attendance at eleemosynary schools, various contests in the trades, arts, crafts, vocations, and athletic events, patterned generally after the State Interscholastic League rules, and to offer for sale to the highest and best bidder, for cash, domestic livestock, poultry, agricultural products, canned goods, handwork, and other products of the department of domestic science entered in such shows and exhibits; and after returning to the respective funds of said schools the actual cost of the production of such items, to place in a special account in the State Treasury all

money or monies realized from such sale, or sales, over and above the actual cost thereof, to be known as the Eleemosynary Premium Fund. Out of such funds and under such rules as may be prescribed by the Board, premiums shall be awarded to the winners in all competitive contests to competing students in eleemosynary schools, provided that no premium will exceed the sum of Ten (\$10.00) Dollars to one such student at one exhibition. The Board is further authorized to pay all expenses of whatsoever kind and character incurred at such exhibitions, show, and sale out of such fund, upon the presentment and approval of an itemized and verified account, duly presented in the manner now prescribed by statute for the payment of invoices against the state for other items purchased, and such fund is hereby appropriated for each and all of said purposes.

Sec. 6. If any section, sentence, clause, or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of this Legislature to have passed each sentence, section, clause or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

Sec. 7. The fact that the above and foregoing is one of the regular appropriation bills to pay the salaries of employees, and to pay other expenses of maintaining and conducting certain eleemosynary institutions and other State agencies of the state for the two (2) fiscal years beginning September 1, 1947, and ending August 31, 1949, creates an emergency and an imperative public necessity, requiring the Constitutional Rule that bills be read on three several days in each House be suspended, and the same is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

A BILL

To Be Entitled

"An Act to prohibit secondary strikes, secondary picketing, and secondary boycotts; defining terms; providing a penalty; providing damages; providing for the enforcement by authorizing injunctions; fixing venue; repealing all laws in conflict herewith; providing a savings clause; and declaring an emergency."

Be It Enacted by the Legislature of the State of Texas:

Section 1. It shall be unlawful for any person or persons, or association

of persons, or any labor union, incorporated or unincorporated, or members or agents thereof, acting singly or in concert with others, to secondary picketing, or a secondary boycott, as those terms are defined herein.

Sec. 2. As used in this Act;

a. The term "labor union" means every association, group, union, national and local, branch or subordinate organization of any union of working men, incorporated or unincorporated, organized and existing in part for the purpose of protecting themselves and improving their working conditions, wages, or employment relationship in any manner, and shall include the local, state, national and international affiliates of such organizations or unions.

b. "Secondary strike" shall mean a temporary stoppage of work by the concerted action of two or more employees of an employer where no labor dispute exists between the employer and such employee, and where such temporary stoppage results from a labor dispute to which such two or more employees are not parties.

c. The term "picket" shall include any person stationed by or acting in behalf of any organization for the purpose of inducing anyone not to enter the premises in question; or for apprising the public by signs, banners, or other means, of the existence of a labor dispute at or near the premises in question; or for observing the premises so as to ascertain who enter or patronizes the same; or any person who by any means follows employees or patrons of the place being picketed either to or from such place so as to either observe them or to attempt to persuade them to cease entering or patronizing the premises being picketed.

d. The term "secondary picketing" shall mean the act of establishing a picket or pickets at or near the premises of any employer where no labor dispute, as that term is defined in this Act, exists between such employer and his employees.

e. The term "secondary boycott" shall include any combination, plan, agreement or compact entered into or any concerted action by two or more persons to cause injury or damage to any person, firm or corpora-

tion for whom they are not employees, by

(1) Withholding patronage, labor or other beneficial business intercourse from such person, firm or corporation; or

(2) Picketing such person, firm or corporation; or

(3) Refusing to handle, install, use or work on the equipment or supplies of such person, firm or corporation; or

(4) Instigating or fomenting a strike against such person, firm or corporation; or

(5) Interfering with or attempting to prevent the free flow of commerce; or

(6) By any other means causing or attempting to cause an employer with whom they have a labor dispute to inflict any damage or injury to an employer who is not a party to such dispute.

f. The term "employer" means any person, firm or corporation who engages the services of an employee.

g. The term "employee" shall include any person, other than an independent contractor, working for another for hire in the State of Texas.

h. The term "labor dispute" is limited to and means any controversy between an employer and the majority of his employees concerning wages, hours or conditions of employment; provided that if any of the employees are members of a labor union, a controversy between such employer and majority of the employees belonging to such union, concerning wages, hours or conditions of employment shall be deemed, as to the employee members only of such union, a labor dispute within the meaning of this Act.

Sec. 3. Any person who shall violate any of the provisions of this Act shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by fine not exceeding Five Hundred Dollars (\$500.00) or by confinement in the county jail not to exceed six months, or by both such fine and imprisonment.

Sec. 4. Any person who violates any of the provisions of this Act shall be liable to the person suffering the same for all damages resulting therefrom, and the person damaged is hereby given right of action and access to the courts to redress such wrong or damage, including injunc-

tive relief; and any association or labor union, local, state, national or international, which represents or purports to represent any such person violating any of the provisions of this Act shall be jointly and severally liable with any such person for all such damages reculting thereby.

Sec. 5. The State of Texas, through its Attorney General or any district or county attorney, may institute a suit in the district court to enjoin any person, association of persons, labor union, firm or corporation, or any officer, agent, servant, or employee of such person, association of persons, labor union, firm or corporation, from violating any provision of this Act.

Sec. 6. In any suit or cause of action under this Act, venue shall lie: (1) in the county where such violation is alleged to have occurred; (2) in the county of the residence of the defendant; (3) in the county of the residence of either defendant if there be two or more defendants.

Sec. 7. Any laws and parts of laws in conflict herewith are hereby repealed.

Sec. 8. If any section, sentence, phrase or part of this Act shall be held unconstitutional, such unconstitutionality shall not affect the validity of the remaining portions thereof; it being the intention of the Legislature to pass the constitutional sections, sentences, phrases and parts of this Act even though some one or more section, sentences, phrases or parts shall be held to be invalid.

Sec. 9. Because secondary strikes, secondary picketing and secondary boycotts are unfair economic weapons, and because the use of these economic weapons denies our citizens the right to work, and the right to work is the right to live; and because the use of these economic weapons is an infringement of the constitutional guaranteed right of every citizen to conduct his lawful business in a lawful manner; and because these economic weapons contravene the public interest and violate our constitution; and because of the fact that existing laws do not adequately protect the public against the abuses and illegal acts involved in secondary strikes, secondary picketing and secondary boycotts, and there being an urgent need for such protection of the public, which need is so found to exist, there is an emergency and an im-

perative public necessity that the Constitutional Rule requiring bills to be read on three several days be suspended, and that this Act take effect from and after its passage; and such rule is hereby suspended, and this Act shall take effect from and after its passage, and it is so enacted.
